Take ***Baby Basics*** (and health literacy) **out of the book**
and into Moms' lives!

If You Are A...

- ✓ Home Visitor
- ✓ Promotora de Salud
- ✓ Health Educator
- ✓ Prison Health Educator
- ✓ Prenatal Case Manager
- ✓ RN/Nurse Practitioner/Nurse Manager
- ✓ An educator who touches pregnant women's lives

**...then the Baby Basics Health Literacy
and Education Training is for You!**

Why Should you Attend?

- ✓ Deepen the impact of your Baby Basics investment.
- ✓ Help moms learn life-long health literacy skills.
- ✓ Make pregnancy a teachable moment for the entire family's health and well-being.

What you'll learn:

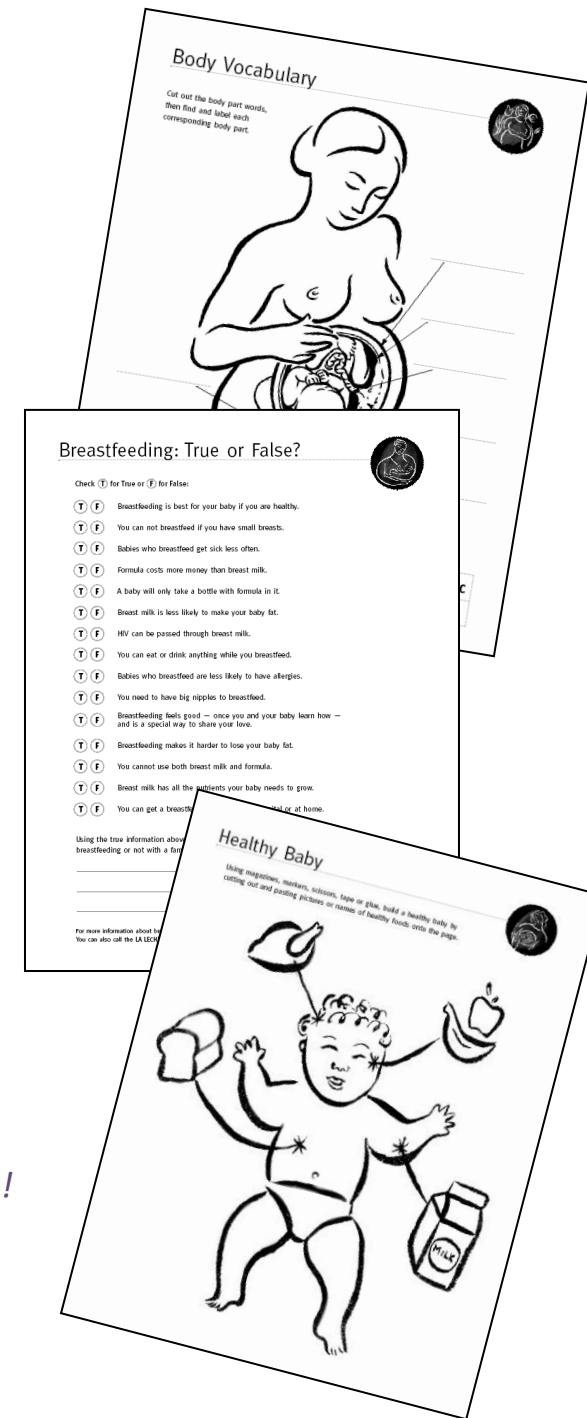

- ✓ What health literacy is and why it is important in prenatal care.
- ✓ Literacy strategies you can use to teach health information to moms.
- ✓ Best Practices for integrating the book, planner and curriculum into your existing practice.
- ✓ How to use the Moms Clubs Prenatal Health Education Curriculum during one-on-one home visits.
- ✓ Group education strategies.
- ✓ Implementation strategies for incorporating Baby Basics tools, framework and evaluation into your current program.
- ✓ How to build community initiatives using Baby Basics strategies.

What you'll receive:

- Two-day live Baby Basics Health Literacy and Education Training
- The Baby Basics Moms Club Curriculum (One-on-One and Group Versions)
 - 24 Curriculum Activities with English & Spanish handouts
 - Meets all ACOG prenatal standards
- Baby Basics Teaching Tools and Strategies
- A Baby Basics Book and Planner
- A Baby Basics “Welcome” Poster

**All this plus breakfast and lunch!*

If you want CEUs:

The What to Expect Foundation will be offering Continuing Education Units, if requested at the time of registration, as follows:

CME/CNE

- This 2-day training is acceptable for up to 10.5 prescribed credit hours by the American Academy of Family Physicians*. The American Nurses Credentialing Center (ANCC) accepts AAFP CME toward its member continuing education requirements.

* Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Education for Social Workers

- This 2-day training is pending for up to 10.5 continuing education contact hours by the National Association of Social Workers.

CHES/MCHES

- This 2-day training is designated for Certified Health Education Specialists (CHES®) and/or Master Certified Health Education Specialists (MCHES®) to receive up to 10.5 total contact education hours.

Baby Basics Testimonials: Practitioners

“The training not only clarified the concept for the Baby Basics book, but also addressed the real issues pregnant women and expectant dads may encounter during a pregnancy and, how outreach workers, service providers and program representatives can assist with decreasing the barriers to care.”

“Simply paging through a Baby Basics book gives you an opportunity to see how worthwhile it is for a participant, but going through the training really makes the book (and other supplemental information such as the Moms Club Curriculum) a useful tool. ”

“ It is one thing to provide a participant with reading materials, as our program is very accustomed to doing, but it is quite another to make that reading material approachable and effective for the participant. ”

Baby Basics Testimonials: Moms

“I really enjoyed participating in the program. It gave me knowledge about pregnancy I didn’t experience with my first child.”

“Each time I have a question for my doctor I write it in my planner — and I can take it with me!”

“I really like the book. I read it from cover to cover. It taught me that not only was I not receiving the care that I was supposed to, but neither was my baby... so I changed hospitals.”

“Baby Basics has helped me by giving me lots and lots of information about being pregnant. It is teaching me how to do right and positive things for the daughter I am carrying. And the planner helps me to keep better records.”
